Subpart D—Determination of Prevailing Wage

§ 656.40 Determination of prevailing wage for labor certification purposes.

(a) *Application process.* The employer must request a prevailing wage determination from the SWA having jurisdiction over the proposed area of intended employment. The SWA must enter its wage determination on the form it uses and return the form with its endorsement to the employer. Unless the employer chooses to appeal the SWA's prevailing wage determination under § 656.41(a), it files the Application for Permanent Employment Certification either electronically or by mail with an ETA application processing center and maintains the SWA PWD in its files. The determination shall be submitted to an ETA application processing center in the event it is requested in the course of an audit.

(b) *Determinations.* The SWA determines the prevailing wage as follows:

(1) Except as provided in paragraphs (e) and (f) of this section, if the job opportunity is covered by a collective bargaining agreement (CBA) that was negotiated at arms-length between the union and the employer, the wage rate set forth in the CBA agreement is considered as not adversely affecting the wages of U.S. workers similarly employed, that is, it is considered the "prevailing wage" for labor certification purposes.

(2) If the job opportunity is not covered by a CBA, the prevailing wage for labor certification purposes shall be the arithmetic mean, except as provided in paragraph (b)(3) of this section, of the wages of workers similarly employed in the area of intended employment. The wage component of the DOL Occupational Employment Statistics Survey shall be used to determine the arithmetic mean, unless the employer provides an acceptable survey under paragraph (g) of this section.
